Hosted Attendee - Complimentary
Full - US\$375
Companion - US\$150

Day 1

Attracting New Audiences

Day 2

Innovation Infusion

Day 3

IEEE Conference Education

Convene with the Conference Community

The IEEE Panel of Conference Organizers (POCO) is the annual event for leading scholarly conference organizers around the world.

Bring your committee meeting to IEEE POCO and benefit from the contract, education, and planning services.

POCO convenes thought leaders and decision makers to address conference leadership practices, changes in policies, challenges in the conference landscape, and new conference initiatives. IEEE attendees will have the opportunity to network and share ideas with the full scientific association community.

Join organizers from more than 31 countries to discover, discuss, and design new innovations for your conference.

The thought provoking discussion includes:

- Free admission to POCO, with sessions on:
 - What does the future conference look like?
 - How will new tech trends and tools impact my events?
 - How can I drive industry attendees to my conference?
 - What will make my event enticing to young professionals?
- Complimentary meeting space for your committee meeting*
- Complimentary city tour for the committee with a site visit of at least two venues
- Contribute to steering the direction of IEEE conferences

IEEE Volunteers involved in conferences can apply to attend as a hosted attendee and receive complimentary registration. Contact ieee-mce@ieee.org for an invitation, or visit <http://ieee.org/go/poco>

Many IEEE Organizational Units will cover the cost of travel and lodging.

Join us for this informative and inspirational event!
